Professional Experience

Kodluyoruz & Bursa Büyükşehir Belediyesi 🔗

Sep 2023 – 2024

< /Code16> Mobile Application Development Bootcamp Technical Assistant

As a **Technical Assistant**, I supported **20 students** during a 60-hour Bootcamp. I organized weekly Discord office hours to help them solve project challenges and planned fun team-building activities to foster collaboration. I also tracked attendance and managed session recordings using Excel. My technical guidance and focus on creating a positive learning environment were key to the students' successful completion of the program.

Education

Pamukkale University

Economics

2015 – 2020

Denizli, Turkey

Anadolu University

Web Design and Programming

2020 – 2022
